## Reviews

*Acacia Stay was breathtakingly beautiful; the pictures don't do it justice. It was clean, comfortable, and has so much natural light. Karen - USA*

*The most incredible kitchen and the finishing are well done. Really love how well everyone at the property cared and took care of me. Mitchelle - Dubai*

*The staff on site were super helpful. My family were well looked after and it felt like I was home. The manager offered solutions when needed. Will definitely book again. Sarah - UK*

*What a beautiful place to stay, it surpassed our expectations and the Rooms were to standard. The manager Yamie was great and very helpful- he helped us with places to visit and the welcome was good. Rehema and the other ladies, we can't thank you enough. We had tasty homemade meals and our rooms were always smart. Wongani was always ready to help regardless of time. Given another chance we will visit again and for those intending to visit, please do so and enjoy the hospitality. Thank you once again team. We are safely back home- Zimbabwe.*
